

Stump Bucket

The Stump Bucket is designed for maximum prying strength for the toughest stump and rock removal jobs. A specially engineered fulcrum point provides additional leverage for digging. The reinforced mounting plate is built to handle the added pressure. Serrated sides provide cutting action to work through stubborn roots.

STRATEGICALLY PLACED FULCRUM POINT FOR ADDED LEVERAGE WHILE PRYING

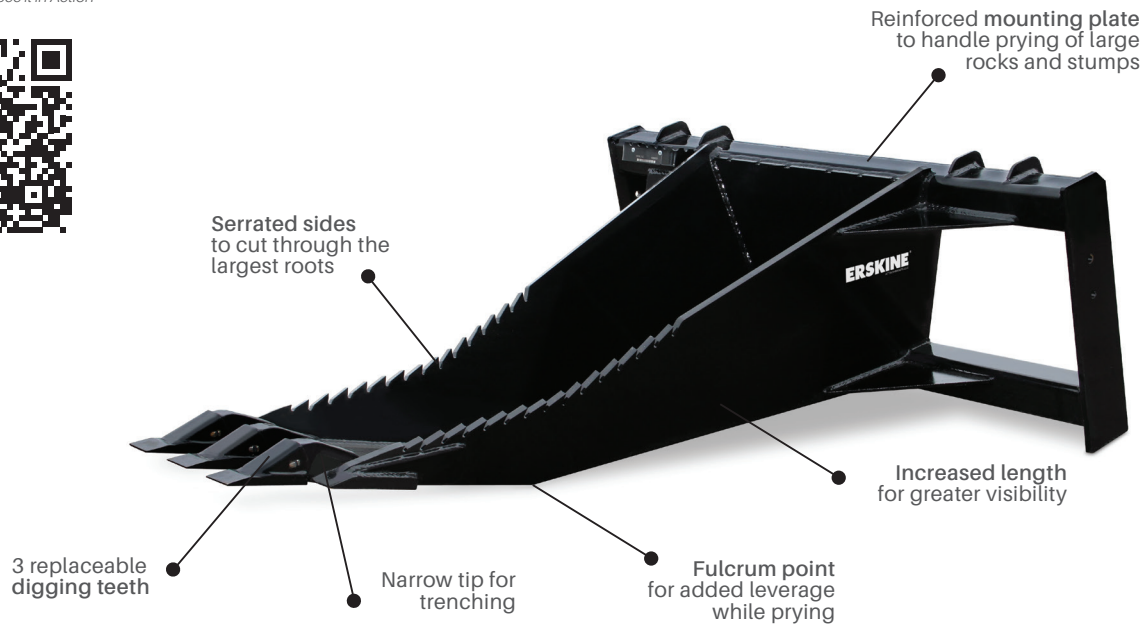

SERRATED SIDES SLICE THROUGH STUBBORN ROOTS

QUICK ATTACH PLATE IS FULLY GUSSETED
